Introduction

Life is full of sexy surprises. If you take one look at the petite Alexa 18 you'll think she'd be as easy to break as a drunken virgin's hymen at a frat party. But this tiny whore can take a rough pounding better than just about any slut you can think of. The sex on this site is so hardcore, it can definitely be considered a spectator sport!

Adult Review

Alexa 18 is as pretty and petite as some of the major amateur hotties that have the most popular solo girl sites on the Net. But the big difference between hers and theirs is the hardcore sex that Alexa 18 loves best! She looks young and fresh but is the furthest thing from a cock tease. In fact, she can't get enough of deepthroating and gagging on some of the thickest dicks you'll ever see.

As of press time there are only 11 scenes that feature the lovely Alexa 18. They're all excellent quality and average over 20 minutes. All videos are able to be both downloaded and streamed in up to 640 x 480 resolution in either WMV or MPG format. You don't have to worry about DRM, but the update schedule will have you scratching your head. It's not regular at all, and there's no mention of any follow up rough sex adventures.

All of the episodes cum with photo galleries, though the quality varies. A few offer high quality digital pics in huge 1024 x 680 resolution, but others are just collections of screen captures from the Alexa 18 video library. These vidcaps may not be worth saving in your archive, but you'll love clicking through them to see the hot and heavy sex that she can't get enough of.

The monthly membership price is \$29.95, but there is also a three day limited trial if you want to see what's inside without getting a full membership. It gets even better, because a monthly membership to Alexa 18 also cums with full memberships to loads of bonus exclusive websites that are included in the Extreme Porn Pass network. Look to the right of this review to see the full listing, and stop wasting valuable self-love time!
