# Altered Assholes

## Introduction

A website full of scenes that clearly required the female performer to do some serious preparation before the cameras started rolling. Yoga, breathing exercises, stretching, Pilates... who knows what they had to do to get their assholes ready for the kind of pounding this site shows them taking.

## Adult Review

Meatmembers offers you all of the sites listed on the right side of this review for the price of a single membership. If you join Altered Assholes you get all these other sites included for free!

If you look over the list you will find some truly excellent sites, some of which have earned TheTongue's highest ratings.

Altered Assholes is one of the weaker sites offered. It feels as if they guys at Meatmembers wanted to include some additional anal content as part of their web package which was a great idea... but the execution is a bit lacking. The site does not have the same kind of intensity that we have come to expect from many of the other sites they offer and with a number of other anal sites in the package already this one is basically bonus content.

Please be aware that when you signup that on the join page there are 'pre-checked' boxes which add other sites to your order. If you want to include these other sites you may leave them checked, but be aware that they renew automatically and can cost a significant amount of money per month unless you uncheck the boxes when you join.

All scenes are offered in a variety of formats and none of them are DRM encrypted, that means anything you download today will still be on your drives even if the guys at Meatmembers move on to something else. Many of these sites are a collector's dream.

## Porn Summary

Altered Assholes is as good as the smut you will find on many other anal websites but not nearly as good as some of the other sites included in your meatmembers subscription!
