Introduction

If you are the kind of guy who sees a girl on the street and can't even decide if she is cute or not until you get a good look at her from behind... this is the site for you!

Adult Review

BangBrothers have been around quite a while and have earned a reputation as one of the better production houses in online adult entertainment.

Classic reality sites like Bang Bus, top shelf production quality and a solid effort to bring you fresh faced talent instead of the worn out re-treads lots of other sites pass around all lead us to giving their work a favorable review.

As to Ass Parade specifically, if you like her big round ass jiggling and wiggling as you pump out her box this site has exactly what you are looking for. These are stunning models with plump round asses and they all understand how to shake their moneymakers.

Surprisingly, most of the shoots do not contain any anal sex. If you are an ass man but enjoy asses for their exterior beauty rather than their interior warmth this site does as good a job as any of giving you what you are looking for.

A membership to this site also includes full access to all the other included sites linked on the right side of this review. Believe me, that is 100s of hours of video and so many downloadable highres pictures... it's just plain sick.

All of the videos are available in dialup friendly formats, streaming formats and in large format broadband. You can download entire scenes with one click or break them up any way you want. The interface is well designed and very easy to use.

The site also has some nifty features that allow you to tag scenes as your favorites, to rate models and their performances, or to search for specific content by actress.

One thing to be careful of is the pricing plans offered by BangBrothers. To their credit the site does offer a 3 day trial but there are a few catches you should be aware of. The trial is \$4.95 for three days of *limited* access, there are a lot of videos and features you can not use unless you have a monthly membership which makes the trial more frustrating than it is worth.

Also, if you do take the three day trial and later decide to upgrade to a monthly membership, the site charges you \$39.95 per month. If instead you choose the monthly membership from the start the site only charges you \$23.95 a month. If you decide to give Bangbrothers your business I urge you to buy a full month and stay away from the trial membership entirely.

Porn Summary

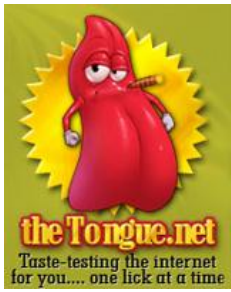

Ass Parade is a solid site and as part of the BangBrothers catalog it is a welcome addition. Stay away from the 3 day trial which is a total rip off, go with the Monthly membership from the start which is well worth the price of admission.
