Introduction

Sweet lipstick lesbians get busy in their own adorable dyke-out sessions as the Chicks Love Chickscameras capture every flickering tongue and shivering finger in true high-def clarity. Watch as these lovelies drip fluids and let the audience in close enough to smell the aroma of their sweet nectar!

Adult Review

Chicks Love Chicks is a brand new high-def site featuring the best video technology available today. Each scene is produced in 1280x1024 High Definition and gives you a view of the action with such great clarity that you will feel like these lesbians are licking each other on a bed right next to you!

Exclusive Porn Pass is a network of sites that includes all the other Included Sites listed on the right side of this review. Chicks Love Chicks is the lesbian site in that bunch but look at the other titles members all get for free as well. That means a lot of variety is available for the rare times when watching one sexy vixen go down on another hot starlet is not what your dick is in the mood for.

Every scene on Chicks Love Chicks is exclusive and available in Streaming or Downloadable versions of low, medium and high quality. The highest quality downloads run around 410MB per clip which means this is not a good option for dialup users, but if you have a broadband connection it means you no longer have to be held back by other users with slower connections than the one you have.

None of the clips are DRM coded, so everything you download is yours to keep in your permanent collection for as long as you like. Now the only limitation on your porn collection is the amount of space you have on your own hard drive!

Each update also comes with high-res pictures that do a great job of showing you what the video includes. With file sizes of almost half a gig per video, it is increasingly important that quality sites give good preview photos of each update so you can see what you are downloading before you choose to do so. Chicks Love Chicks does a great job in that regard.

The downside of this site is that because it's so new it has under a dozen updates in its archives so far. Each of the networks have another handful of videos on them so the total for the network is close to 50 available HD movies and the sites are updating weekly so that number will grow steadily but for right now the sites are a bit light on content. To help make up for that, the producers have added on thousands of non-exclusive video feeds for you as well. These are not as good as the exclusive high-def content they make themselves but 3,000+ movies sure is a nice bonus.

Yes, you can get limited access for just \$1.00 but trial access doesn't give you any ability to go to the other networked sites and it only lets you see the latest updated high-res video. That means you are paying \$1.00 for one movie which is not a good deal. Even worse than that, the trial membership renews at \$38.26 a month if you forget to cancel it in time! Skip the trial, it's a terrible deal, if you are going to join then get the full monthly membership instead.

The monthly membership is priced at \$29.74 and renews at \$29.74 per month until canceled. With the networked sites, weekly updates and bonus scenes there is plenty to do during at least the first month or two.

Porn Summary

Ever see two hot girls kissing on the street and then get yelled at for staring at them? Now you can look as long as you like and the high def clarity of Chicks Love Chicks is almost as good as it would be if they were live doing it right in front of you!
