Introduction

Cougars In Heat is like nothing you have seen before. It's a brand new site, by a brand new studio, filmed by a brand new crew. Sometimes that means it sucks, but in this case... the only thing sucking are the thirty-something year old mouths of some of porn's hottest mature ladies. Big breasted beauties whose sexual peek and porn prime are on a collision course with each other!

Adult Review

When a younger porn starlet starts to mature in age she has only two choices. She can become a more passive MILF who hopes men and women still find her attractive enough to fuck, or she can learn to become aggressive and seek out sex on her own terms as one of the Cougars In Heat!

This sexy website features some of the biggest names in porn including Puma Swede, Ava Devine and Nina Hartley performing in brand new exclusive scenes never before seen anywhere else. Making these collectors items even more amazing, each is filmed in crisp clear 1280x720 High-definition video that brings the action to you in such high quality that you'll feel like you can reach out and touch these lovely Cougars with your cock!

1000x668 high-resolution pictorials and complete screen-grab sets accompany every update as well. These can be enjoyed as part of an online slide-show built into the site interface, downloaded as desktop wallpaper, or printed for personal scrap-book pages to preserve some of the true legends of the skin biz in your own personal collectors archive.

Each Cougars In Heat update can be downloaded in multiple formats or viewed online as a Flash streaming porn film if you prefer. No matter what your computer setup is, you'll be able to find the perfect size and file type for your own use. Hell, they even give you Ipod formatted versions for perverts on the go!

The site will soon be part of a larger network of top quality adult movie websites and until those other sites go online they are offering a large number of bonus feeds as well. Priced at under thirty bucks a month, this is a tour well worth taking because of the free porn video trailers and quality pictures offered on it. Signup to Cougars In Heat and your craving for top quality HD MILF porn will finally be satisfied!
