### Introduction

From the first look to the last drool, Lesbians Elite delivers luscious clam lickers doing what they do best. Each other! If lipstick lesbians are your cup of tea, you won't be disappointed with this selection of naughty hotties.

### Adult Review

Lesbians Elite uses a sleek design with clearly marked links that are easy to follow so even internet newbies will have no problem finding their way around. You'll be presented with the most recently added muff-munching movies, the top rated lesbian movie on the site, the most viewed movie and a teaser pic of the next upcoming snatch-slurping scene all on the members area homepage.

Inside you get 45 quality videos which can be viewed in Flash or downloaded in a nice sharp 720x540 format. Lesbians Elite also offers 1000s of bonus lesbian videos touted on the main site tour but they aren't as high quality as the exclusive scenes on Lesbian Elite, so if you are joining it's really or the top shelf elite lesbian porn scenes more than the bulk bonus dyke content.

It would have been nice to have new windows or browser tabs open up when clicking on links that take you off the site. As it is now you have to either use your browsers back button or log in again to get back to the Members area.

The Tongue would also have liked to see more hot and nasty lesbian photo sets. Not every movie has pics, but the ones that do present them in high resolution with a slide-show option for those that want to keep both hands free while viewing.

Though low on pics this site does deliver the extra goodies with access to 29 additional sites as shown on the Included Sites list to the right side of this review, along with extra movies, video feeds on demand and chat rooms. Enough gooey lesbian action to keep you stuck on the site for at least a full month.

There are several scenes that feature more than two but sexy lesbos at a time, three tantalizing twat-lickers grouped together and this site even delivers a few chuckles with some behind the scenes hilarity as well. Best of all, movies can be downloaded as full movies or in segments to grab only the parts you really want to save.

As usual, Lesbians Elite offers a trial but it's limited access so do your dick a favor and go with the full monthly membership if you do sign-up, that way you won't be missing out on anything.
