Introduction

How many times have you seen a new video on MTV and thought to yourself - I bet this no talent rapper gets to bang all those smoking hot chicks! Rap Video Auditions proves you were right AND let's you play along from home!

Adult Review

Watch as these "record execs" test the talent by trading promises of an audition for some pre-shoot action in the green room! If you have ever handed out a phony business card to a hot chick you met at a club then you can imagine the kind of action these guys get when they back it up with a fully decked out recording studio and a Benz in the driveway.

Rap Video Auditions does a great job of filling the "reality show" niche that a lot of sites are competing for these days. The videos are believable, the talent is hot and the action is intense from start to finish.

With hour after hour of one chocolate diva after another it really is like having your own rap video casting call in the privacy of your living room without any of the pesky lawsuits that usually come from the after parties.

Featuring 32 exclusive videos in a 576x432 downloadable formats as well as a Flash streaming version and dialup friendly options as well, this is a site that should work with no matter what you hardware setup is like.

The Tongue has arrange for a discounted price of \$9.99 for the full monthly membership for all of our members!. It's a solid bargain if you get it from the free preview of Rap Video Auditions on this page.
