### Adult Review

When porn first made the leap from your DVD player to the internet it needed a pretty big push. It needed some real star-power to bring the top directors and studios online... and there were only a few models with that kind of allure back then. Silvia Saint was one of them and she quickly became the queen of online porn for a while.

Silvia is a Czech blonde who has been downloaded more times by men and women than pretty much anyone else in porn. The problem was finding her usually was not very easy. Fans often had to join a website for a month just to get a few scenes with their favorite hardcore model... and then had to find another site with some other scenes where she was getting fucked or double-penetrated.

Now, finally... Silvia Saint has her own official website and all of her best performances can be found in one place! More than 300 scenes with Sylvia throating cock, having her pink pussy and puckered asshole pounded... dyking out with other beautiful bisexual Babes and even her kinkier bondage vids are all there as well.

Even better, the Silvia Saint official site features lots of never before seen vids and pics exclusive to her site. So even if you think you have already seen it all, there is soooo much much to see inside her members area.

If you go to the site directly you'll be asked to pay a monthly price of almost thirty bucks... but if you join through The Tongue by clicking the Free Preview button on this page you'll get a huge discount! The site will let you sign-up for just \$14.95... and that's for the same full access along with all the Included Sites listed on the right side of this review!
