Introduction

Sperm Suckers brings you a collection of brand new amateur models and better known starlets as you have never seen them before. Plungers, pet-food bowls, humiliation and contempt for women are all on the menu for the actresses on this raunchy site!

Adult Review

Sperm Suckers is one of those sites that is perfect for days or nights when you are really angry at your girlfriend but are too much of a gentleman to take it out on her. Let the sperm suckers on this site serve as stuntwomen in your fantasy world and get all your aggression out vicariously where it doesn't do any real harm.

Every one of the 72 scenes archived on Sperm Suckers features the kind of hardcore, cum loving obedience and cock worship that women should be known for. The starlets are really put through their paces as verbal humiliation, a slew of props, rough sex and all kinds of degrading scenarios are acted out for the camera.

Watching a woman get fucked by a nice pink dildo may be great fun on some nights, but the day you find out your ex-girlfriend was cheating on you... cum to Sperm Suckers instead! Watch some skanky whore who looks a like like your ex-slut get fucked in the ass with a toilet plunger handle or laughed at by a room full of guys watching her eat cum out of a pet bowl while she barks for more!

This is not a site for romance-minded couples or guys who are looking for super-hot babes. This is the dirty underbelly of the smut business featuring real girls like the ones you would find at any local bar... doing things that they would never want their friends or families to find out about.

The interface of Sperm Suckers is a bit bare-bones but it does an adequate job of listing the movies with detailed text descriptions and access to plenty of pictures showing you everything that went on, but truthfully this is a site where the video content is pretty much all that matters. Some scenes are nearly an hour long and leave the "star" of the show a sweaty, cum drunk mess curled up on the floor nearly crying and smiling at the same time.

Membership runs \$29.95 a month and includes all the Included Sites listed on the right side of this review. Added together that's hundreds of hours of the most hardcore, raunchy and humiliating sex action you will find on the web these days. These guys fuck these girls exactly the same way you want to go fuck your ex-girlfriend... deep and with enough disdain that she knows what a filthy whore she really is!

Porn Summary

Sperm Suckers is a special brand of smut. Take the tour and see what it's all about. You'll know right away whether this is the perfect site for the mood you are in or one you should save for another time when you are a lot angrier than you are now.
