### Introduction

Good whores aren't too picky about whose cocks they let pound their pussies. So why should they care what else they stick in them? If its made of molecules and can fit in the palm of her hand then it's good enough to be shoved up her slutty slit! Your brows will raise and your cock will grow, because no matter how crazy these Twisted Objects get, these whores just can't say no!

### Adult Review

Get ready to jump out of your seat when you see the crazy Twisted Objects that these sluts shove up inside their pretty pink pussies. You'll find 34 exclusive episodes that will make you never walk through the hardware store again without growing a woody. Curling irons, feather dusters, fire extinguishers -- nothing is too nuts to cram up a willing whore's twat!

Most videos average 10 minutes and can all be either downloaded or streamed in multiple formats and resolutions. You can view full length scenes in 640 x 480 resolution if you have a fast connection, or watch them in small chunks if you don't. No DRM is used, and updates are being added to Twisted Objects once every two weeks. Lots of the scenes are solo, though some feature another man or woman who helps fit these foreign objects into the sluts' love canals.

Every update cums with a high resolution photo gallery with over 100 individual pictures. All are shot with a high end digital camera and shown in sparkling 1024 x 680 resolution. This makes it easy for you to see extreme closeups and fine details of these common household items being put to nasty hardcore solo masturbation use. Hundreds of screen captures are also provided as a complement to each video.
