Introduction

Few things go together better than lesbians and leather. Whipped Ass is an all female discipline site offering 382 exclusive scenes of the most mind-bending bondage ever produced. This site is all genuine pornstars in real power struggle scenes that show a side of some you have never seen before, because more than likely they never even knew it existed!

Adult Review

For eons women have had an uphill struggle for power ahead of them and in some that frustration has finally started to boil over. Whipped Ass is a site devoted to those women who crave a chance to have the upper hand and the women who willingly subjugate themselves to these strict dominants.

Let there be no mistake, Whipped Ass is not some fake candy-ass site aimed at posers and part time bondage spectators. This is a dark community of lifestyle bondage and discipline fanatics who get their chance to own pornstar slaves for a few hours of roleplay that will frighten some and arouse others.

The interface of the Whipped Ass site is somewhat lacking. If you visit the site you can see exactly how it works because the tour of the site is identical to the members area except that no downloads are possible until after you become a member. The site interface lacks a useful search feature and is not nearly as artistically designed as the movies it displays. That being said, the site does work properly in all regards and it contains content you can't find anywhere else!

Only women are allowed to perform on the site. The bondage equipment, rope skills, punishment and pleasure dished out all comes from the mind of a dominatrix and is doled out in High definition video on the body of some of the world's prettiest fetish models.

With 382 movies available in formats as large as 852x480 there is plenty to see. No two scenes are alike. The performers, scenarios and devices employed are each varied with great care to provide a unique and exclusive experience with each and every update.

Along with all the video comes high resolution picture sets that are not only excellent quality in terms of their resolution but also because they are properly filmed by true B&D aficionados.

Porn Summary

If you get off on watching women discipline each other in a frantic mix of sex and control, Whipped Ass is by far the best lesbian bondage site anywhere in the world today!
