### Introduction

This is the solo girl site of one of the most stunning beauties you will ever set eyes upon. At 5' 8" tall, with a natural 36D-26-36 body, Alison Angel is pretty enough to be a mainstream model... but on her website she does so much more!

### Adult Review

Alison was born on April 7, 1986 and currently lives in Cincinnati Ohio. She is a mix of Cherokee Indian and European heritage. Her perfect body is not marked up by tattoos of any kind... though she does have an adorable tongue ring!

After you have had a chance to take a look at Alison Angel on her website tour it will be hard for you to convince your cock that it has ever seen anyone prettier than Alison. That includes mainstream models, movie stars, country-western singers... even the girls you fantasize about are probably not quite as attractive as Alison Angel is in reality.

Her website is unlike any of the corporate ones being pumped out these days by giant companies who lack any sort of personal touch. Alison Angel's website includes diary entries from her a few times a month, a message board that she actually replies to on a daily basis, pictures in ultra-high-def formats as big as 3000 x 2000, high quality video shoots and more.

Without a doubt the best part of her site is the photo sets. Sure, she offers plenty of video including lots of softcore teasing, some toys and masturbation -- and even an occasional light girl/girl scene or two... but the thousands of studio quality still frame images steal the show. Even a quick look at her tour will have your mouth watering and your dick searching for your credit card.

It was not easy to find anything negative to say about this site, in fact just about the only things missing were hard-core scenes (which many of her members seem not to want because they feel she is such a sweet and innocent girl), and the inclusion of other websites for days where you are in the mood for a brunette, Asian or other option.

To show you just how important it is to Allison that her site feel more like a community than a pay program, the site charges a monthly fee of \$24.95 for your first month and then the fee drops to only \$19.95 for each month after that. When you sign up you are not just a number to Alison, you are a new friend in her play group!

### Porn Summary

If you have the resources to be a member of more than one site at a time then Alison Angel's website is definitely one you ought to join immediately. Also if you are into erotic photography this site can probably teach you more about photographing beautiful women than any university course offered these days. The quality of this site and the photography really are remarkably special.
