# Anal Cum Junkies

## Introduction

After the creampie website trend took off it was only a matter of time before this spinoff niche would be cracked open. The guys at meatmembers are one of the first to offer a site specializing in chicks having their asses pumped full of more goo than a hostess cupcake.

## Adult Review

When you travel a lot you get used to packing your suitcase and you know just how much will fit in it. Still, sometimes you go away and buy a lot of things during your trip so the flight home leaves your suitcase overstuffed. The women on this website are like suitcases with torn zippers and a shirt sleeve hanging out of them as they get dumped on the baggage carousel.

When the scenes start these tight beautiful women look as though their shiny new assholes are barely broken in and will be more than able to contain full capacity loads of goo. However, after being handled the same way your suitcase gets treated by the guys working at the airport, their asses can barely contain their own contents let alone an extra quart of genetic yogurt.

The beauty of this site is that once these pretty girls have been loosened up, every last drop of cream that gets pumped into their opened asses is able to freefall back out for your careful inspection. Airport security would never allow suitcases through without checking their contents, so as a deputized ass inspector it's your job to be sure all these girls are carrying nothing but cum in their anal carry-ons.

Please be aware that when you signup that on the join page there are 'pre-checked' boxes which add other sites to your order. If you want to include these other sites you may leave them checked, but be aware that they renew automatically and can cost a significant amount of money per month unless you uncheck the boxes when you join.

All scenes are offered in a variety of formats and none of them are DRM encrypted, that means anything you download today will still be on your drives even if the guys at Meatmembers move on to something else. These sites are a collector's dream.

## Porn Summary

Boarding the asshole at Gate 9 is easy to do, inspecting every item being stored within that asshole is a serious job that only a select few can handle. Put on your badge and get to work!
