Introduction

It's easy enough to trick willing sluts into spreading their cunts for the camera. On this reality site, watch a real playa convince them they'll become the next award winning porn star! Of course they don't have to know that the only porn connection you have is your cable modem. Check out the Backroom Casting Couch!

Adult Review

Granted, the Backroom Casting Couch may not be the most original premise out there, but what sets this hardcore sex site apart from all of the others is the high caliber quality of the never-before-seen porn wannabes that cum through its doors. You won't have to pretend that the famous porn slut who's already starred in hundreds of nasty DVDs is plodding her way through ridiculous dialog before her used up cunt gets yet another stuffing. When these whores say it's their first time on film, it probably really is true!

There are 40 exclusive episodes currently online at Backroom Casting Couch. And even though you won't recognize any famous faces, that doesn't mean that your dick won't stand at attention when you see how hot these sluts are. Each of them has to sit through a mini-porn interview before she's asked to get naked and then gets fucked. The camera work is a mix of POV and third person views, but it's only the one guy that does all of the filming. Since you never see his face, this adds to the realism and makes you pervs out there with this kind of fantasy believe its actually you setting this all up!

The site layout is extremely bare bones. There are no bells and whistles or fancy logos, just full length hardcore sex episodes. The videos run about 30 minutes each, and are available as full length downloads in WMV and MPG format. The only resolution offered is 576 x 324 which is kind of small considering all the HD offered today, but it does help add to the whole amateur vibe that this porn site shoots for.

There aren't many previews for each video. Just six vidcaps and one slightly larger close up of the slut starring in that particular Backroom Casting Couch episode. There are also no picture sets, so don't expect to see your favorite girl posing all sexy to land this fake modeling gig. It would be nice to have more previews and high resolution photos, so hopefully these added features start making an appearance real soon.

A new Backroom Casting Couch episode is put online every week. This site is standalone so you won't get access to dozens of other hardcore sites like you may be used to if you join the big porn networks that are out there. But if you stay a member for a 2nd month, you can email the webmasters and they'll provide you with a free password to another hardcore amateur sex site they also produce, named Exploited College Girls.

Quite a few of the sluts at Backroom Casting Couch make an appearance on both of these sites. In fact, they're probably shot the same day since some are wearing the same outfits and underwear. But if you have a favorite whore then seeing her in action on both sites is definitely a great bonus. The Tongue particularly enjoyed the sweet southern belle Riley being defiled first on the casting couch, and her follow up hardcore scene at Exploited College Girls is equally delicious!

Porn Summary

It's amazing what the girl next door will do for you if you tell her you can make her famous. At the Backroom Casting Couch you can live out all your hardcore porn fantasies even if she never makes a dime in the industry!
