Introduction

On your mark, get set, BLOW! If you are looking for a top quality site that focuses on oral content and isn't too serious about itself then BlowJobRaces is the site for you.

Adult Review

Unlike most oral sites available these days BlowJobRaces does a great job of remembering that oral sex is supposed to be fun. The site uses a racing theme and actually posts the finishing time for each oral performer.

Hi-Res image sets and a variety of video formats from dial-up friendly to fantastic 720x480 are available for each update and lengthy scenes are offered in segments so your download time is much shorter than most of the winning times these girls clock in with.

Scenes consist of quick interviews and move on to oral escapades from start to finish. The site doesn't mix in too many other activities which normally would make the content seem repetitive but in the format used by BJR it actually allows the viewer to judge each contestant fairly.

Blowjobraces uses several different male amateurs and a different female contestant each week. The females range from amateurs performing for the very first (and possibly last) time anywhere to the top well known starlets of the adult industry. One of the site's greatest attractions is the ability it gives viewers to compare the talents of a girl next door to a seasoned smut veteran.... and if subjective analysis doesn't do it for you there are always the recorded finishing times to help declare the objective winner.

Also included free of charge with your membership to BJR is access to all of the other sites that are part of the ExtremeGirlNetwork. That works out to hundreds of hours of back-catalog content and multiple quality updates each day.
