### Adult Review

He knocks on her front door and asks what the problem seems to be. A few moments later he's in the bedroom or living room with a gorgeous MILF housewife who is bending over to reach behind the television so she can point out what kind of work she wants done. Little does she know, a few minutes later she'll be spread-eagle with her knees against her ears having Cable Guy Sex!

This is a reality site that brings back the kind of campy thinly-written story lines from early 1980s porn and re-imagines them for modern day erotic interludes. Every day life presents us with plenty of opportunities to fuck fantastic women, but only pornstars seem to capitalize on their chance to drive their bone home in some slut they just met a moment earlier.

Cable Guy Sex takes an ordinary situation and adds some porn flavor to it with a sexy result that not only will entertain you while you watch it, but it will also have your fantasizing about the ladies in your life in a whole new way. Every Doctor's office, service call, pizza delivery or day at the office is an opportunity for fucking... if you know how to work your mojo.

Each of the 25+ exclusive porn movies on Cable Guy Sex are filmed in 1280x720 resolution which means it's high-def sex movies available for you to watch in HD right from your computer monitor.

If you haven't had a chance to see porn in HD before then this site is a great one to start off with because it also gives you full access to all of the Included Sites listed on the right side of this review!

The site updates weekly so while it isn't the biggest collection of HD porn out there, along with all the networked site access and the weekly updates there is a whole lot for your dick to look at while Cable Guy Sex continues to grow its archives.

### Porn Summary
