### Introduction

Do Porn Stars. Is that a question like Do Porn Stars Ever? Perhaps it's an order like Go Do Porn Stars! The title can be confusing but honestly, when you read those three words, however you decide to interpret them the final result is fucking sexy! Take the Free Preview and see the huge archive of photos and videos they have available for you in their pornstar collection!

### Adult Review

The chances are pretty high that guys fantasize about sex when they don't have much else to do. So it makes sense that if you're trying to find something to do that's fun, why not imagine what it would be like to Do Porn Stars, right? And just in case your imagination needs a sexy little nudge, you can use any of its 42 exclusive hardcore scenes as a nice jump start to your libido.

You'll notice that all of the episodes are available as DRM-free downloads in WMV format. You get to choose what size works best for you, because the clips range from tiny modem-based clips to high end 1068 x 600 resolution full length files that are very close to looking like true High Def. You can also stream the videos in either WMV format or through an embedded Flash player.

Picture sets are also available with every Do Porn Stars episode. The photographs generally include both softcore and hardcore elements, and span several hundred sexy still-life shots. The photographers definitely know what they're doing, because you won't find grainy or out of focus shots here like you sometimes do on a lot of other smut sites. And you can even save the entire gallery at once if you choose to download the zip archive that is included with each set.

The adult content at Do Porn Stars is rather generic, and doesn't stick to one specific porn theme. Some episodes feature straight couples sex, others solo masturbation. One of the newest episodes is a hardcore lesbian threesome featuring Brooke Belle, Nikki Rhodes, and Chelsie Rae looking like sports stars in sexy push up bras and gym shorts. You'll definitely want to huddle up with these naughty sluts, that's for sure!

The update schedule is now empty. Do Porn Stars has been updating once a month, but nothing new was added over the last two. So it's anyone's guess as to when a new episode will be added. But full membership definitely has its privileges, because you're also entitled to access the members areas of tons of other hardcore porn sites that regularly update with 100% exclusive pics and vids. A listing of these sites appears right next to this review, so make sure you check it out then sign up before this great deal goes away!

### Porn Summary

Every man who watches porn wishes it was their dick on camera sticking it to those sexy horny sluts. But until you figure out how to get casted, you'll need to make do with watching Do Porn Stars!
