Introduction

If you respect women this is not the site most likely to please you. Heck, if you dislike women only a little this site will still be too disturbing for you. This is a great place to visit right after your girlfriend dumps you or right after your wife's divorce lawyer smiles at you!

Adult Review

Degradation is a dish best served cold and Facial Abuse is a site so chilling that it will have your cock shivering right down to its bone! This site is the pinnacle of perversion when it comes to treating women like garbage. Within the very first few minutes of watching their videos you will either be in a cold sweat trying to figure out how to make yourself forget what you just saw or you will be making extra room on your hard-drive to be sure you can download every last moment of their content! Plungers, gagging, fish-hooking, forceful penetrations and every bit of psychodrama that you could ever ask to see. If you have ever had a dirty thought that you won't even admit to thinking about then you might want to sign up because there is a really good possibility that Facial Abuse has that exact act of deviance filmed and waiting there for you to enjoy. The site offers lengthy video clips and large high-res picture sets for you to examine in broadband. If you are on dialup you might find the shorter 56K clips more suitable to your needs. In either case the action is like nothing you have ever seen before... except for that one time with that girl you used to know who won't return your phone calls anymore! The quality of the clips is excellent and the price includes all of the other sites listed to the right side of this review. As an added bonus they include some bonus streams as well! There is no trial offer but the site has 100+ exclusive scenes (most more than 30 minutes in length each) already loaded onto it and it updates often. Between the content on this site and the included sites you will have plenty to watch for the full month of your membership... unless you start feeling guilty and decide to go see a therapist instead.

Porn Summary

In all seriousness, if you don't want to watch women cry while they have sex you can find a lot of other sites more suitable to your desires. On the other hand, if treating women like chattel is what gets you off then Facial Abuse is the jackpot of pop-shots you have been searching for.
