### Introduction

Foot fetish fanatics start smiling because you just found your new favorite website! Shoe stores, public voyeurs and private time together... these scenes are all kinds of fun and games with some of the sexiest ankles and toes you will ever see anywhere.

### Adult Review

This website is a temple where toes are worshipped and ankles are adored. In every single scene the most beautiful women in the world show off their lower extremities and tease you with the aroma of their affections.

Feet Frenzy is one of the few sites that not only has a full stable of amateurs modeling for you, they also manage to lure in some of the biggest names in the adult business to put their pedicures on a pedestal as well!

If you have ever downloaded a clip starring someone like Eve Lawrence, Kelly Wells or Catalina and wished the video had done a better job focusing on their feet then this site is the place to go to fulfill that longing in your life. Don't waste your time flipping through the pages of another website hoping to find some content that is Footcentric, go straight to the source and get every bit below the shin featured for once!

When your mind does wander and you want to see the rest of a woman's body on display, your membership includes all of the other sites listed on the right side of this review as well. You will never run out of things to download, watch and enjoy.

The site updates constantly and all of the clips are available in multiple formats for both dialup and broadband users. Best of all, the clips do not use any DRM coding so when you download one of these adorable toe tasters... into your permanent collection she goes!

There has never been a site so professionally produced for the foot man before. Hours of combing through newsgroups for a picture or two and nights of fighting off the computer viruses they often came with are finally a thing of the past. Foot Frenzy is the first site of its kind worth paying for.

### Porn Summary

If you are someone who has been overlooking the bottom of a woman's foot all of your life or never thought about how sexy the ankle feels against your cheek as you fuck her, then this site is a great way to explore new territory. If you are a well seasoned foot fanatic this site is one you will definitely give ten toes up!
