### Introduction

Riot Whores is the newest and perhaps most depraved addition to the Meatmembers lineup so far. A dark and harsh look at reality the way these deviant divas see it. Experience their lives through their own thorn laden rose colored sunglasses.

### Adult Review

It is not often that The Tongue becomes so struck by a single scene on a site that it deserves its own mention in a review. Riot Whores is a fantastic new site, and we will get to all of it... but the scene starring Isabelle Ice on this website has got to be one of the nastiest ever filmed anywhere. If Riot Whores offered only that one video in their members area the site would still warrant consideration for purchase with your hardcore smut dollars. She blazes on screen and her performance is one that has got to be seen!

Don't worry, Meatmembers doesn't only offer that great clip in their members area. They offer dozens of examples of the kind of fetish footage that has made them the industry leader in adult perversion for nearly a decade. They also give you full access to every other site on their network, many of which are linked on the right side of this page and have their own review by The Tongue as well. This is the mother-load, hundreds if not thousands of hours of prime smut exclusively shot by these twisted fucks and offered only to the members of their website.

The lone drawback of this site membership is a simple one. If you are easily offended or if you want to see couples having romantic vanilla sex go somewhere else. This is a steaming pile of smut served up for only the real hardcore enthusiasts. The guys who know the difference between making love and fucking understand that fucking often has nothing to do with love.

As with any Meatsite, the videos are there for you in dialup friendly or broadband enhanced formats. No DRM coding is used so once you download a whore from these websites you own her forever. She just waits patiently on your hard drive for you to pull her out of the pile for your pleasure again.

Please be aware that when you signup that on the join page there are 'pre-checked' boxes which add other sites to your order. If you want to include these other sites you may leave them checked, but be aware that they renew automatically and can cost a significant amount of money per month unless you uncheck the boxes when you join.

Seriously, these are the kinds of movies that you will re-watch so often that you might want to back up the files to hard copy because if you ever lost them you would end up crying like the women in some of these clips. Sign up and start downloading them today, your cock finally has a sandbox to call its own and it doesn't have to play nicely with others any more.

### Porn Summary

The long awaited addition to the Meatmembers network does not disappoint their long time fans and will welcome in a whole new crowd of denizens. Pick up your torch and your pitch-fork; the riot whores are building a mob worth joining.
