All of the sex DVDs have been broken down by category. There are loads of ever day porn categories like Amateurs, Anal, and Cumshots, as well as a few kinkier sections like Fetishes and Cheerleaders. Lots of the DVDs are cross-referenced in one or more of these sections, so however you search or sort you'll most likely be able to find the exact kind of porn you're looking for.

All of the Adult Dreams DVDs have been separated into individual scenes can either be downloaded or streamed. WMV is the only format that's available, and all clips have been encoded in several different speeds and resolutions. The high end clip is presented in 720 x 480 resolution which is pretty decent. You can sort the porn by category, and see a full listing of all of the available porn whores and porn studios that are available. There are also loads of super high quality XXX picture sets that are also broken down by categories, and every pic is available in awesome 1200 x 873 resolution.
