SOLOS**

BIG-TIT AMATEUR BABES FILMED IN TRUE HIGH-DEFINITION

### Introduction

These starlets are never really alone, even when they show up solo in front of the camera to masturbate for your entertainment, they are always accompanied by two plump tits hanging heavy from their torso and begging to be in the palms of your hands. Get a look at these Busty Solos like never before with real HD 1280x720 videos of each of them!

### Adult Review

The prettiest and curviest women you have ever seen are now just three clicks away as part of the all new Busty Solos high def porn revolution in adult entertainment!<br /> <br /> You not only will be able to get to know these girls close up and personal, when you do get close up you will be amazed by the clarity of the video and the candor of the models. The top-heavy honeys on Busty Solos want you to experience them as fully as if they had opened your front door and walked right into your room.<br /> <br /> If you think watching a football game in HD is a lot better than watching one on regular TV, you will not believe how big a difference there is between watching a starlet shot in basic format when you get to compare here to the HD Busty Solos videos that come at you in 1280x720 clarity!<br /> <br /> Best of all, you don't need to buy any fancy HD equipment, your standard LCD monitor is already fully capable of displaying every one of these clips in full HD quality!<br /> <br /> Full membership to Busty Solos gets you full access to a whole ring of HD websites, that is by far the most HD content you can get for your money anywhere on the internet today. If you have a media PC and a large screen HDTV this site is an absolute must because you can actually display every downloaded clip in full screen HD clarity direct to your television!<br /> <br /> As if that was not enough, each scene also comes with ultra-high resolution pictures in 1600x1200 formats. That means you can blow these up poster size and hang them on your wall without losing clarity. All of the content is also offered in dial-up friendly reduced resolution but honestly, if you want to see what they have to offer you had better bring your broadband connection.<br /> <br /> Busty Solos does not use DRM coding so this site is a smut collector's dream! They also offer a 3 day limited trial for \$1.85 which quite frankly is probably less than it costs them to shoot one picture, but it doesn't give you full access so The Tongue recommends you go with the monthly option if you do choose to join.<br /> <br /> There are a number of sites listed to the right of this review that are included in the full monthly membership. Be aware, trial memberships get only limited access, monthly members get full access to all sites on the network. The Tongue strongly suggests buying the monthly membership if you are considering these websites.
