Introduction

Golden Hardcore is a special website aimed at rekindling the memories perverts have from years gone by. If names like Nina Hartley, Victoria Paris, Amber Lynn, Kristara Barrington, Erica Boyer and Ron Jeremy ring a bell... have a look at this vintage hardcore site featuring the sexiest story-driven smut from the 1970s, '80s and '90. Golden Hardcore is like a super-sexy time machine!

Adult Review

Golden Hardcore turns back the clock for your cock and dusts off memories of pornstars that have been locked away in your mental spank-bank for decades. Yes, it really has been that long since you last laid eyes on Ginger Lynn, Inari Vachs, Elle Rio and Sharon Mitchell but now you can see them all and on film they have not aged one bit!

Golden Hardcore reaches back to the Golden Age of Porn, when adult performers understood that sex is supposed to be FUN! These movies don't have all the seriousness of current studio directors, they feature comical scripts and light-hearted performances by icons like Ron Jeremy, Jerry Butler and Mike Horner... and when it's time to get nasty they get that job done as well!

There is something very special about watching a movie on Golden Hardcore and seeing Trinity Loren show-up on your screen. You may not remember her name the moment you hear it but the second you see those great big tits you will instantly recall lusting after her years ago. It's truly a trip down Mammary Lane, and one your dick won't soon want to return from.

Already hosting 80+ movies in its ever-growing archives, Golden Hardcore is well on its way to becoming the largest and most complete compendium of vintage smut anywhere online. New movies are added more than once a week and the state of the art interface allows you to sort the performances in a variety of ways aimed at helping you find exactly what you are looking for in the least amount of time.

Along with all the classic content on Golden Hardcore, your membership also gets you full access to every one of the Included Sites listed on the right side of this review! That's 18 additional websites and new ones are added from time to time as well. In all, The Hardcore Network provides you with thousands of hours of video and the best quality original content for your porn dollar.

While Golden Hardcore films are all available in DVD quality 640x480 downloadable formats, some of the other exclusive sites on the network of included content feature new movies in mind-blowing 1440x1080 video that can be watched full screen on a 50" HD television screen without any pixelation or blurring at all. Trust The Tongue, there is no higher quality porn network in the world today than this one!

Porn Summary
