Introduction

Share My Backseat takes on that time honored reality porn tradition of getting hot babes into the backseat for some vehicular fun. These Euro sweethearts might not know what to expect when they first get in the car, but afterward they are all smiles.

Adult Review

You've probably shared a backseat a time or two throughout the years, but these guys make it an art. There's nothing quite like getting the pretty girl walking down the street into the car for some fun, and the fact that these guys manage to get the hottest babes is cause enough for celebration.

Things start off in a well designed member's area, navigation running across the top and the latest updates down the middle. It looks like they go cruising once a week for their lady friends, with 38 episodes currently featured. The women that are featured run the gamut of amateur types, although they all tend to be between 18-25, and they also look like the type of girls that you'd run into next door or at a club.

The videos are handled with Flash streaming, which opens up in a lightbox pop up window. You get two choices right off the bat, between 700 kbps and 1.5 mbps. Once you've picked your bitrate, you end up getting treated to a quick buffering and smooth streaming video that is good quality overall. It's 720x480 approximately, and the episodes go to around 25 minutes or so.

If you're more in the mood to look at still photos, they do a full photo set that follows along with each video. These sets have an average of 100 pictures per set, and the top end quality will amaze you at 1000x1500. There's also a lower quality 900x600 for those of you on slower connections. You can browse through the standard gallery or opt for a slide show which allows you to choose between several different speeds.

Patrick and John have spent plenty of time getting these ladies into their backseats, and you won't be disappointed by the reality porn action that they love to show off here. The video quality is good and you don't have to worry about waiting for downloads, and the weekly updates will keep you hooked.

Porn Summary

If you're looking for a solid reality porn adventure, Share My Backseat won't do you wrong. The women are approachable and lovely, the episode length is spot on, and the weekly updates give you plenty to enjoy.
