### Introduction

Cuban Kings takes trips all around South America to explore the fine variety of Latina babes present there. This reality porn site picks up the cream of the amateur crop, and proceeds to show just how wild these girls get in the bedroom once you get them relaxed.

### Adult Review

The first thing Cuban Kings is going to do is make you laugh. Their trailer video features a video store clerk naked, with a hot South American chick bent over the counter. As he's railing her he's also accepting video returns - now that's a multi-tasker!

The member's area at Cuban Kings is simple and easy to get around. The main page shows the latest updates, and there's plenty of sections to browse through. There are 30 scenes in total, with updates every two weeks.

The episodes feature a variety of reality Latina porn. Some of the girls want to indulge in pussy licking, others can't keep their hands off some cock, and still more end up fucking in rather public places. The videos are offered at 1280x720, and are rather lengthy for reality porn episodes at 30 minutes on average. The quality is top notch, and you can choose to download or stream the video.

Download formats are WMV and MP4, and clip options are available if your connection is too slow for full downloads. A full photo gallery comes along with each set to follow along with the action. These are good quality pictures shown at 910x620 and have a zip download.
