EXTREME ALEX

Introduction

The official site of starlet Alex Divine. A feature girl site that offers all of the kink normally found only on sites created for specific fetish and niche providers.

Adult Review

ExtremeAlex is the official website for adult starlet Alex Devine. Unlike most contract girls Alex has not yet started to restrict the kind of scenes that she is willing to do. The result of her willingness to cross the line is a site that combines all of the star power her famous friends can supply with all of the filth her dirty mind can deliver.

Fisting, Gagging, Spitting, Felching... if there is a verb that describes it Extreme Alex has done it on her site. It's one thing for a starlet like Alex to do a headstand while someone jams a fist in her ass... but only Extreme Alex smiles from ear to ear as the last wrist bone slides snugly into her rectum.

Like the other sites of the Extreme Network (which are all included for free with a membership), ExtremeAlex uses top tier technology to provide hi-res images and several video formats for each update. The result is a site that is both dial-up friendly and able to provide movies in the clearest 720x480 format.

If you want a site with a beautiful centerfold model masturbating in a pretty park this site may not be what you are looking for... but if you want to watch someone who looks like a pretty girl in your local pub doing things you'd never expect her to say yes to... then ExtremeAlex is well worth the price of admission.

Porn Summary

A decent looking whore who is always willing to pick up whatever (or whoever) she finds around the house and shove it into her own holes and those of all her friends.
