Introduction

It's the age old story. Mike puts an ad in the paper, Mike meets a girl, the girl comes over to Mikes Apartment and sucks his cock so she can live there rent free... until Mike finds a new whore to replace her! With nearly 300 updates, this reality site is one of the biggest and the best!

Adult Review

These are women who have never appeared on any other website before and many will never appear on any other websites again. Exclusive shoots that make use of local talent Mike attracts with ads in his city's newspaper. Who knew you could get this much high quality pussy with a quick ad in the paper and some folding money? Simplicity is the best part of Mikes Apartment.

Mike knew that even the great content on his own site would not have been enough for you by itself. So, he cut a deal and now he can offer you full access to 20+ included premium websites for free! Some of these are reviewed by The Tongue as well and are listed on the right side of this page. That means while Mike's site updates only once a week, at least one of the sites on the network updates every day and usually it's more than one per day!

There is no DRM coding on the files of Mikes Apartment so you can keep anything you download in your permanent collection. Each and every episode has large format broadband enhanced files and shorter well segmented dialup friendly versions as well. They even offer streaming versions for viewers who are afraid of getting caught with porn on their home or work computers.

After years of trying to keep up with larger smut programs Mike has finally found a way to offer you the best amateur content with all the perks of larger network access. It's like your dick just won the lottery!

The only drawback to Mikes Apartment is that the trial version renews at a higher price than the straight monthly subscription. Read the fine print carefully and sign up for the full month. The site updates fast enough to be worth it and you will save yourself some money by doing so in the long run.

Porn Summary

While watching this website ask yourself which is more surprising: The fact that Mike gets all these hot girls to his apartment with a simple newspaper ad... or the fact that the girls who show up were actually able to read the ad and figure out what it was for. Mikes Apartment is a pussy playhouse!
