Introduction

The name of this site is actually an understatement. Not only is she fucking "A" black dude, she is in fact fucking "THE" black dude. This guy wrecks these teens the way a demolition crew dismantles a brick building.

Adult Review

This site is offered up by a production house that made its name originally as a DvD distributor of fine filth. Now as they move over into the digital segment of the market they are taking with them many years of production expertise and a willingness to do content that the more softcore marketers usually shy away from.

My Daughter's Fucking A Black Dude is an entire website devoted to exploring the simple fact that the girl on the screen getting her holes caved in by gigantic black meat is in fact someone's real life daughter.

At first, the notion may be a bit weird to some of you... but it does give quite a different context to the scenes that they serve up on their site.

The content is excellent, the videos are offered in a variety of formats and this is all original and exclusive smut you wont find elsewhere. Many of the actresses are fresh faces which is always a plus and the action is solid from start to finish.

The only knocks against the site come from the fact that these guys are DvD makers changing over to the digital market and they have not yet worked out the technical kinks as well as they work out the on screen kinkys.

The interface is a bit simple looking and lacks some functionality you'd expect from a top line site. Also, the text work that comes with each clip is more like what you read on a DvD back cover and less informative than you might hope for from a website.

Worst of all, the broadband versions of the videos are chopped into 8-15 segments in most cases and require you to sit and download each... one at a time with no option to get a whole scene from a single click.

As another sign they are a DvD company in transition they also do not offer any kind of trial membership at this time. Their content is well worth the full month price but with no trial available you'll have to take TheTongue's word for it.

Even with those negatives the site still stands up rather well against the competition... and will have your cock standing up rather well also. Given some time to finish their transition from boxed discs to web work this site will become even better.

Aside from this site your membership gets you access to all the HushPass sites which are listed on the right side of this page. That is a ton of content and almost every second of it is well worth watching!

Porn Summary

If you have ever wondered what your buddy's grown up daughter would look like on the lap of some gigantic black man... this site is quite an eye opener.

Review Rating

The Tongue says '*Great content in a very unique niche... with some better web work the site will be a good one for a long time.*'
