#### Introduction

Spend some quality one-on-one time with the prettiest girl you have ever seen, as if you are looking at her through her virtual bedroom window. The New Solos videos are in REAL 1280x720 high-definition formats and the girls are just waiting for you to show up!

# Adult Review

Lots of people buy solo girl websites. When asked what the attraction is, the usual responses are: 'I wanted to get to know the girl better', 'I wanted to get a real good look at her without distractions' or 'The really pretty girls seem to only do solo stuff'. New Solos is the HD answer to your cock's desires!

Congrats you just found a site that can not be beat! New Solos is a site that only hires girls with runway model beauty. The site offers you a complete and uninterrupted close up look at each and every one of them. Best of all, that close up look is provided in stunning HD clarity that allows you to see every tiny mark, every fold of skin, every aspect of her beauty without anywhere for her to hide!

Best of all, you dont need to buy any fancy HD equipment, your standard LCD monitor is already fully capable of displaying every one of these clips in full HD quality!

Full membership gets you full access to a whole ring of HD websites, that is by far the most HD content you can get for your money anywhere on the internet today. If you have a media PC and a large screen HDTV this site is an absolute must because you can actually display every downloaded clip in full screen HD clarity direct to your television!

As if that was not enough, each scene also comes with ultra-high resolution pictures in 1600x1200 formats. That means you can blow these up poster size and hang them on your wall without losing clarity. All of the content is also offered in dial-up friendly reduced resolution but honestly, if you want to see what they have to offer you had better bring your broadband connection.

You get full access to all of the Included Sites listed on the right side of this review when you become a monthly member. That's a pretty damn good deal for your dick! They also offer a limited trial for under two bucks but it doesn't give you full access so you are almost always better off going for the monthly option instead.

## Porn Summary

If you are home alone, take heart in the fact that she is too, and these New Solos want nothing more than some of your attention and affection as they get busy in front of our HD cameras. Why not spend some time home alone together!
