### Introduction

Naughty little ladies need to learn their manners. Some act up because they have not been properly trained yet, others do it to test the boundaries of their master. Either way, misbehavior can not go unpunished.

### Adult Review

There are a lot of fake spanking sites on the net these days where the actors pretend to be smacking some butt when in reality it's just bright red makeup on a girl's ass cheeks and slow soft pats on her behind. Unlike those sites, Spanked And Abused is the real deal.

There are also some real spanking sites that stop short of showing full hardcore sex scenes. Again Spanked And Abused goes all the way as every one of these misbehaving bitches gets face fucked and pussy poked after being brought back into alignment.

Each scene revolves around a similar theme. Guys dealing with their behaviorally challenged girlfriends use corporal punishment to teach them some proper manners and a respectful demeanor. Then, once the girl has learned her lesson, these guys reward their girlfriends with some serious fucking.

The site is relatively new and at this time its archives hold only 18 video updates so far but it does seem to be growing at a steady pace. Also, along with access to this site you get access to several others on the AllInclusivePass network. Check the right side of this review to see a list of included sites. The total of all those sites is plenty of hardcore video to keep you busy for at least a month.

The video quality is not quite as good as you might hope. Movies are available in clear, well lit and well shot productions but they are a bit small with the standard format being 352x240 resolution. On the other hand, picture sets from this site and the rest of the network are often extremely highres images as high as 1200x1020 resolution.

Overall there may be better sites on the net for straight sex, but given the fact that this site has original and somewhat unique content, if you are a true fan of spanking and punishment related role play you may not have any better options when trying to find what your cock is looking for on the web.

### Porn Summary

This site actually does deliver nasty spankings and hardcore sex where a lot of others fail to keep that promise. Quite frankly, the action in this scenario is a lot more important than the lighting or the screen size and Spanked And Abused is definitely all about the action.
