### Introduction

Taylor Kurtis is a dreamgirl with natural blonde hair and sparkling blue eyes. She's 5' 5 and with her natural D-cup boobs she weighs in at just about 120 pounds. She does guys and girls on her site but you can tell she really prefers to get busy with another beautiful lesbian!

### Adult Review

Taylor Kurtis is a very hot blonde erotic model who even crosses over into the world of hardcore smut starlet for several scenes. This is her official website and you won't see these clips of her anywhere else because these are exclusive scenes never to be released on DVD or other websites.

The site itself is very easy to use, in fact it's almost as easy to use as Taylor herself! Taylor Kurtis members also get access to the other sites listed in the Included Sites list to the right side of this review. Which is important for two reasons: First, the other sites on that list are high quality productions as well, and secondly the Achilles Heel of the Taylor Kurtis site is that it only contains 11 video updates so far.

You get 1,000s of really hot high-res photos and the quality of the videos is great but the site is a somewhat new and does not appear to update every week without exception. That means one month of membership to Taylor Kurtis is enough for you to download pretty much all of the content on the site itself. However, what makes this a pretty good deal is the much larger sites included in your membership.

Taylor Kurtis offers a full access trial membership for \$1.00 that gives you the same access as the full monthly package. A real trial membership is rare these days and shows just how much the studio believes that the network they are offering you is worth your time. However, The trial does recur at \$29.95 instead of the standard monthly \$24.95 rate. So, as usual The Tongue suggests you skip the trial and get the full monthly membership instead.

You can also get a monthly membership for \$24.95 instead if you like what you see on the Included Sites list. For more information click each of those links to see reviews by The Tongue of all the included sites as well. Buying this site is really more about buying the network as a whole than it is about buying this one blonde hole for a month on her own.

### Porn Summary

Taylor Kurtis is a very hot solo girl and the site itself is excellent but a bit too small for The Tongue's tastes. The Included Sites on the network make it worth buying but only if you are into those sites as much as you are into Taylor.

### Review Rating

The Tongue says 'A small solo girl site that also gives you access to a whole network of other sites'
