Introduction

Anime and every other form of illustrated sexuality is just a click away when you have access to Trashy Toons. This is not likely to be the best place to get your smut fix, but if you want a good deviant laugh or are looking for a nasty image to print out and post in a jobsite gangbox this is the best of the ink sites.

Adult Review

If you have ever been on a construction site and laughed your ass off at something one of the guys on site drew up or wondered where they got some crazy cartoon of some nasty ink whore getting done right... this site may be just what you have been looking for.

There is actually a long history of sex based illustration art. It spans every continent and some of the Japanese pillow books that remain in existence today fetch prices in the millions from wealthy collectors.

Trashy Toons has an extensive collection of exclusive and compiled works. Everything from Hentai to Anime to Manga and more. If it cums and it is hand drawn, Trashy Toons has it.

Included along with your membership is a nice selection of bonus video feeds with some bulk DvD adult content that is well worth picking through. A lot of the content is stuff you have seen before or somewhat uninspired action... but as a free bonus to an ink site it is a very nice thing to see.

Lastly, if you are into the kinds of kink that are not allowed by today's conservative obscenity standards... illustrations may be the best and only way for you to please those darkest areas of your mind. If nothing else, the 3 day trial is well worth taking out for a test drive.

Porn Summary

Creativity can be sparked in many ways, none are more elaborate or more hilarious than the age old art of hardcore illustration.
